

Garden Scavenger Hunt

- Find a plant with yellow petals
- Find a plant with a pollinator or insect on it
- Find a plant whose flower looks like the sun
- Find a plant with a caterpillar on it
- Find a plant that is taller than the others. Does it look thirsty? How can you tell this?
- Find a plant that is close to the ground. Does it grow in the shadow of the other plants or trees?
- Look closely inside of a plant – do you see any creatures living on the flower, leaves, or stem?
- Are there any worms or salamanders moving on top of the soil under the plants?
- Is there a plant that looks thirsty? How can you tell this?
